

2nd Annual National Cybersecurity Summit

Agenda

(Notional and Subject to Change)

The Cybersecurity and Infrastructure Security Agency (CISA) is hosting the 2nd Annual National Cybersecurity Summit. The Summit will bring together stakeholders from around the world to a forum with presentations focused on emerging technologies, vulnerability management, incident response, risk mitigation, and other current cybersecurity topics.

Attendees will have the opportunity to hear from Federal, state, and local agencies, private sector organizations, and international partners as they highlight successes and opportunities for collective action. The Summit is intended to be an inclusive event and will be particularly valuable for senior leaders, CISOs, practitioners, and policy experts at public and private sector organizations who have shown a commitment to advancing cybersecurity and infrastructure protection risk management discussions.
